Dear Parent/Guardian:

We are currently making a strong effort, district-wide, to improve our public relations and to present our students in a positive way to our community. The school district has hired a photographer and has a set format for reporting awards, accomplishments, honors, and special projects involving our students and staff.

Because this project may involve photographs of your child or, for the matter involve their name in the local media, we will need a parental permissions slip to do this.

Rather than seek permissions at each instance, we are requesting that you provide us with the permission before that fact, so as to speed the recognition. If you would kindly read the permissions statements below and indicate permission granted or permission denied along with your signature, we will be most grateful. This permission will remain in effect until your child graduates from Albany High School.

If my son/daughter attains a special honor, receives an award, participates in a positive newsworthy event, or achieves honor roll status, I give my permission to have his/her name and/or photograph appear in the local media and/or any Albany City School District publication.

Permission Granted

Permission Denied

Student's Name _____ Grade _____ Counselor _____

Date / / Parent/Guardian Signature _____
