

## **CITY SCHOOL DISTRICT OF ALBANY CONTINUING EDUCATION SENIOR CITIZENS PLAN**

All senior citizens aged 60 or above who reside in the City School District of Albany may enroll in continuing education courses free of charge. Such citizens may present verification of residency and a senior citizen identification card issued by the Albany County Department for Aging at the time of registration. Senior citizens may not displace any other student who has enrolled in a course and paid the registration fee if that fee is needed to maintain the self-sufficiency of the continuing education program. This policy will become effective at the beginning of the 1993 spring semester.
