

CITY SCHOOL DISTRICT OF ALBANY SCHOOL PHOTOGRAPHS

Pictures of class groups will be permitted in kindergarten through sixth grade elementary schools. Such photographs are to be taken by a photographer designated by the principal in locations and at times also to be approved by the school principal. The photographer must supply, free of charge, for each group a picture to the classroom teacher and to the principal for school records.

In accordance with the direction of Counsel of New York State Education Department, it is understood that there will be no solicitation of sales to individuals and that no monies will be collected or otherwise directed to the photographer. He may distribute individual cards or brochures to youngsters indicating that purchases of copies may be made at his place of business by interested parents.
