

City School District of Albany

Celebrating the important role of parents in student achievement

Marcella Green

North Albany Academy

Marcella is at every school event. She is the consummate cheerleader, both for her grandchildren and for their school. She is an active supporter of North Albany Academy's instrumental enrichment program, the Robotics Team and the National Urban Alliance initiative, to name just a few.

"I'm known at NAA as 'grandma.' The kids know they can always come to me for a hug when they feel the need for a little comfort and love. In return, I'm also receiving love from our future leaders, the teachers and Principal Dale Getto.

"It takes a village, which I'm doing by stepping in as a grandparent."
