

Dear Parents,

Welcome to Second Grade! We're so excited about teaching your children. This year we are requesting \$15.00 from each student to cover the cost of class supplies. In order for us to set up our classroom community, we would like all our students to be provided with the same supplies. Therefore, we will be purchasing the necessary school items that your child will need for this upcoming school year. Please send in cash (no checks) in a sealed envelope with your child's name written on the front. After sending in the money, your child will receive their supplies. Please provide your child with a labeled backpack and/or lunch bag, and a re-usable water bottle. Please note that they will need sneakers for gym class.

If you have any questions or concerns please feel free to email us or call us at school (462-7258).

See you in September!
