#### Guidance for Teams

#### Template

Any part of the plan can be collapsed or expanded by clicking on the triangle next to the blue headings. You can also move through the sections of the plan by accessing the Navigation Pane in Microsoft Word.

#### Commitments

Prior to working on this document, school teams should be sure to complete the following activities:

- Envision: Explore its vision, values, and aspirations
- Analyze: Review and analyze internal and external data, including survey data, and reflect on systems and structures
- Listen: Conducting student interviews

Following those activities, school teams should complete the SCEP Planning Document to make connections between the activities above and consider potential next steps to prioritize in the upcoming year as the team considers "What should we prioritize to support our students and work toward the school we wish to be?

The team should identify 2 to 4 Commitments for the 2023-24 school year. For each Commitment, the team will identify strategies that will advance these Commitments and benchmarks to determine if the school is on track with its implementation. School teams will need to ensure that at least one commitment is aligned to teaching and learning.

#### Success Criteria and Benchmark Targets

After school teams identify their Commitments, they should consider success criteria and benchmarks that will help them determine if they are making sufficient progress toward their Commitment throughout the year. Each Commitment will have at least one end-of-the-year goal, a mid-year benchmark, strategies that will allow the school to reach those goals and benchmarks, early progress milestones, and spring survey targets.

The plan template is designed with the intention the school teams will return to their plan throughout the year and make updates when necessary. As part of the Success Criteria for each Commitment, there is a section for the team to update during the year and input the data they ended up seeing next to the target they originally identified. Teams should keep this section blank when writing the plan and anticipate bringing the team back together throughout the upcoming year to gauge the success of the plan.

#### Strategies

In conjunction with identifying benchmarks, teams should consider strategies that will allow the school to reach these benchmarks and advance that commitment.

### COMMITMENT 2-Math/Science- District Math Science Guidance

### Our Commitment/ Root Cause

What is one Commitment we will promote for 2023-24?	We are committed to developing and implementing daily, grade level learning opportunities where all students are engaged in problem solving, justifying thinking and persevering with purposeful teacher feedback.
<ul> <li>Why are we making this Commitment?</li> <li>Things to potentially take into consideration when crafting this response: <ul> <li>How does this Commitment fit into what we envision for the school?</li> <li>How does this Commitment relate to what we heard when listening to others?</li> <li>How does this Commitment connect to what we observed through analysis?</li> </ul> </li> </ul>	<ul> <li>Staff survey indicates that most students are unable to prioritize time to accomplish what they have to do and keep going when things are hard.</li> <li>Student survey indicates that most students do not respond properly when people give them criticism or negative feedback.</li> <li>SPA data indicates that we are growing students at all levels, however, we need to focus our instructional practices on approaching/on and above level students. Most of our students in 3rd - 5th grades are projected to score a Level 2 or Level 1 on NYS exams. Our level 2 students are the students we need to push into proficiency, so to meet our MIPs. We need to make sure that as proficient students (L3 and L4) move up in grades, they maintain their proficiency and do not fall out of level 3 or level 4.</li> </ul>

#### Commitment 4- SEL

We believe we will be on track to meet our Mid-Year Benchmark(s) if six to ten weeks into the school year, we are able to reach the following Early Progress Milestones:

Early Progress Milestones	What data will we be reviewing?	What do we hope to see when we review that data? ( <i>Identify Quantitative Data or</i> <i>Qualitative Descriptors in this space</i> )	What we ended up seeing (complete six to ten weeks into the school year)
Student Data	% of Students falling Below Points SSRS-IE	The percentage of students falling below points should be at 20% for each class.	
Adult/Schoolwide Behaviors and Practices	Tier 1 Checklist Behavior Matrix Re-Teach Blue and Gold Day Starbucks (Token Economy)	The percentage of students that fall within the low risk range is 80%, the percentage of students that fall within the moderate risk range is 15%, and the percentage of students that fall within the high risk range is 5%. After each screening window there will be a positive shift shown (i.e. students will move from the high to moderate range to a low risk range).	
Student Behaviors and Practices		<ul> <li>Student data will show a decrease in</li> <li>non-compliance</li> <li>disrespect</li> <li>environmental distraction</li> <li>disorderly conduct</li> </ul>	

	Survey Question(s) or Statement(s)	Desired response (e.g., % agree or strongly agree)	What we ended up seeing (complete once Spring survey results are available)
Student Survey	CD27: Students can solve problems that come up with other students 74.5% SA/A (2022-2023) PS57: If I am in a conflict/disagreement, I am able to resolve it without anger 62.8% SA/A (2022-2023)	CD27: 80% PS57: 80%	
Staff Survey	CD27: Students can solve problems that come up with other students 58.3% SA/A (2022-2023) PS57: Most students if in a conflict/disagreement, are able to resolve it without anger 33.3% SA/A (2022-2023)	CD27: 75% SA/A PS57: 50% SA/A

### We believe these Spring survey responses will give us helpful feedback about our progress with this Commitment:

We believe achieving the following Mid-Year Benchmark(s) will give us good insight into our ability to reach our year-end goal:

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing (complete when reviewing mid-year data)
Mid-Year Benchmark(s)	VADIR Data	We hope to review the data by office and classroom referrals to guide us on what we need to adjust in our action steps.

### COMMITMENT 5- Building Equity Team Equity Action Plan

This section can be deleted if the school does not have a fifth commitment.

#### Our Commitment

What is one Commitment we will promote for 2023-24?	We commit to amplifying our student voice through our Student Council and by creating meaningful activities that reflect our students and their identities.
<ul> <li>Why are we making this Commitment?</li> <li>Things to potentially take into consideration when crafting this response: <ul> <li>How does this Commitment fit into what we envision for the school?</li> <li>How does this Commitment relate to what we heard when listening to others?</li> <li>How does this Commitment connect to what we observed through analysis?</li> </ul> </li> </ul>	In our DTSDE Student Voice Survey, our students communicate that the curricula is not relevant to their interests and background. This supports the need to find ways to promote our students' voices in multiple areas of our school community. We have had our Student Council work on various committees (Outdoor Learning Space and Culturally Responsive Education), however this is a limited number of students who feel empowered regularly. We would like to provide all students with intentional opportunities to explore their identities so that they feel respected and safe in our school.

### Progress Targets

By the end of the year, we will look to the see the following occur:

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing (complete at the end of the year)
End-Of-The-Year	DV83: Students say	DV63: 80% SA/A	
Goals	the curricula is relevant to their interests and background 55% SA/A (2022-2023)

We believe these Spring survey responses will give us helpful feedback about our progress with this Commitment:

	Survey Question(s) or Statement(s)	Desired response (e.g., % agree or strongly agree)	What we ended up seeing (complete once Spring survey results are available)
Student Survey	DV83: Students say the curricula is relevant to their interests and background 55% SA/A (2022-2023)	80%	
Staff Survey	DV83: Students say the curricula is relevant to their interests and background 60% SA/A (2022-2023)	80%	
Family Survey	DV83: My child(ren) say the curricula is relevant to their interests and background. 50% SA/A (2022-2023)	80%	

We believe achieving the following Mid-Year Benchmark(s) will give us good insight into our ability to reach our year-end goal:

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing (complete when reviewing mid-year data)

#### Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at:

http://www.nysed.gov/accountability/evidence-based-interventions

Schools may choose **one of three options** for identifying their evidence-based intervention:

**Option 1:** Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: http://www.nysed.gov/accountability/state-supported-evidence-based-strategies

**Option 2:** Selecting an evidence-based intervention **identified in one of three clearinghouses**: What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

**Option 3:** Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <u>http://www.nysed.gov/accountability/evidence-based-interventions</u>

**Directions:** Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

#### X State-Supported Evidence Based Strategy

If "X' is marked above, provide responses to the prompts below to identify the strategy and the Commitment(s) it will support:

#### Our Team's Process

#### Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Assembling Your Improvement Planning Team" found at:

<u>https://www.nysed.gov/sites/default/files/programs/accountability/assembling-your-improvement-planning-tea</u> <u>m.pdf</u>. This section outlines how we worked together to develop our plan.

#### **Team Members**

Use the space below to identify the members of the SCEP team and their role (e.g., teacher, assistant principal, parent).

#### Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

- 1. Envision: Exploring the Vision, Values and Aspirations for the school
- 2. Analyze: Analyzing Data
- 3. Analyze: Analyzing Survey Data
- 4. Analyze: Completing and Discussing the Tenet 1 Inventory
- 5. Listen: Interviewing Students
- 6. Putting it all Together: Completing the SCEP Planning Document
- 7. Writing the Plan

#### Meeting Dates

We completed the steps above across multiple meetings. Below is a list of dates we met as a team and what occurred during those meetings.

Meeting Date	Envision: Exploring the Vision, Values and Aspirations for the school	<b>Analyze:</b> Internal and External Data	<b>Analyze:</b> Survey Data	Analyze: Completing and Discussing the Tenet 1 Inventory	Listen: Interviewing Students	Putting it all Together: Completing the SCEP Planning Document	Writing the Plan

### Learning As A Team

#### Directions

After completing the previous sections, the team should complete the reflective prompt below.

#### **Student Interviews**

Describe how the Student Interview process informed the team's plan

#### Next Steps

#### Next Steps

#### 1. Sharing the Plan:

- a. **Schools in the CSI model:** As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, please indicate to your liaison that the school is ready to share its full plan for approval. Plans should be shared by July 15, 2023.
- b. **Schools in the ATSI model and TSI model:** When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2023-24 school year.
- c. **All Schools:** Ensure that the District (Superintendent or designee) and local Board of Education have approved the plan and that the plan is posted on the district website.
- 2. Implementing the Plan (for all schools):
  - a. Ensure that the plan is implemented no later than the first day of school.
  - b. Monitor implementation closely and adjust as needed.
  - c. Ensure that there is professional development provided to support the strategic efforts described within this plan.
  - d. Work with the district in developing the 1003 Title I School Improvement Grant application designed to support the implementation of the activities identified in the school and district plan.
